## THE RETRENCHMENT IMBROGLIO

It would indeed be passing strange if any considerable measure of retrenchment in the expense of carrying on the Government could be effected without producing, to a greater or less extent, a condition of reacclimation, and bringing into existence a reactionary party, in a community where the official element forms so considerable a percentage of the whole. Opposed as this journal has ever been to undue or false economy, even in the case of those who have shown themselves little deserving of consideration, we ask, in the interest of all honest folk, whether the country is prepared to maintain a Civil List such as that which has been crushing its energies for the past few years? So far as "Justitia" and his untenable position are concerned, we can well afford to leave them in the hands of "Argus." As to the abstract question of retrenchment, we have seen no reason to alter our views, although the recent extension of the limits of the Colony may have tended in some measure to modify them. Although unwilling to judge of the Governor's retrenchment programme until it is produced in its entirety, yet we are painfully apprehensive that it will not be such as we can contemplate with unmixed satisfaction in every particular. It is to be feared that, in some instances at least, salaries which were not too high have been cut down, while some that were too high have not been touched, or touched too slightly, and that officials who might well be abolished or amalgamated have been retained in their distinctive character. Yet even should these fears be realized, that can form no argument against retrenchment or retrenchers. Indeed, it would be unreasonable to look for a measure which would please all, or any one, in respect of every detail.

"Roses have thorns and silver fountains mud, Clouds and eclipses stain both moon and sun, And loathsome cancers live in a sweetest bud."

A material reduction in the expense of carrying on the Government appeared to be imperatively demanded by the country. Victoria demanded it. Cariboo roared for it. The middle country re-echoed the cry, and New Westminster gave forth no uncertain sound upon the subject. Foremost in the agitation, the capital has perhaps been more consistent than any other section, a fact which is greatly to its credit, when the powerful official element in our midst is considered. Let no one venture now to corrupt this community with the miserably sordid views suggested in certain quarters.

If New Westminster was capable of entertaining such a doctrine as that enunciated by our correspondent on Saturday, then would she indeed forfeit at once her right to respect and to the capital. No one would deprecate more than ourselves the cutting down the pay of officials "below the point compatible with honesty and respectability." Under any circumstance we would rather see them overworked than underpaid. But even those whose vision is obscured by self-interest must see and admit that a material reduction was necessary. Every one knows best where his own shoe pinches, and we apprehend, everyone's shoe pinches somewhere in these times of general depression; and if the country has felt the absolute necessity for retrenchment, and if his Excellency has been brought to see that necessity, it is much better that those upon whom the knife has fallen should submit with as good a grace as may be. It is hard, we admit, to have one's income curtailed, and harder still to lose one's billet altogether. But is it, after all, any greater hardship than is common

to the lot of our fellow colonists generally? How many have been compelled by stern necessity, and those too unused to manual work, to dispense with domestic servants, and deny themselves all but the coarsest necessities? How many have been ruined in business, and rendered houseless and homeless, during the severe crisis through which the Colony has just passed? An impartial view of the passed general condition of all classes ought to help reconcile the officials to a little necessary privation, and convince them that they are only now called upon to suffer a little of what the people have long endured. We entirely admit the tendency of the human mind to become wrapped up in its own grievances, and to imagine them greater than those of others; and we are in no way surprised to hear the most bitter complaints extorted by the screw of retrenchment. But while we cannot withhold a certain measure of sympathy, we confess to a feeling very much akin to that produced by the impatient complainings and agonizing groans of the patient under the necessary and judicious application of the surgeon's knife. It is essential to the health, if not the life of the body politic. While, therefore, we sympathize with those who are really called upon to give up their situations, as well as those who may become the victims of too deep an incision, and while we regret the cause which has rendered imperative the use of the knife, let it not be forgotten that it is for the health and safety of the many.

### AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.  
And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blisters, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1865.  
J. C. AYER & Co. Gentles: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous taint, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with a sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was obliged to read the Good Messenger that you had prepared an alternative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I read the Circular and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a glass of water, and almost before I knew it, the skin began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feeling the disease has been cured. I am now a healthy man, and I feel that I owe my recovery to your Sarsaparilla. I feel that I owe my recovery to your Sarsaparilla. I feel that I owe my recovery to your Sarsaparilla.

St. Anthony's Fire, Rose or Erysipelas, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Prohle writes from Salem, N. Y., 12th Sept. 1866, that he has cured an inverebrate case of Dropsy, the throat and feet being so much swollen that he could not walk, and the patient was in great distress. He cured it by your Sarsaparilla, and also a dangerous Malignant Erysipelas by large doses of the same; says he cures the common Erysipelas constantly.

Bronchitis, Croup or Swelled Neck. Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured my child—a hideous swelling on the neck, which I had suffered from over two years."

Lymphoma or White Swelling, Cancerous Tumors, Ulceration, Stricture, &c.

Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alternative in the numerous complaints for which we employ it, and especially in Pimples, Boils, and the Scrofulous taint. I have cured many invertebrate cases of Lymphoma by it, and some where the complaint was of long standing. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female diseases."

A Dangerous ovarian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Sarsaparilla. One physician thought of letting her expire, but she recovered. I have cured many cases of Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no more was required."

Syphilis and Mercurial Disease.

NEW ORLEANS, 28th August, 1866.  
Dr. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and repeat to you some of the complaints I have cured with it. In my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the case of General and Mercurial Disease, &c. of my patients, but Syphilis alone in his throat, which were consuming his life and the top of his mouth. Your Sarsaparilla, steadily taken, cured the disease. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon have proved fatal. But yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, but of course without any reliance on his face. A woman who had long been treated for the same disorder by mercury was suffering from a violent eruption in her hands, which had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

Dr. J. C. AYER: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the efforts of physicians and made me in great distress. I could find no relief until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FRANK.

July 5, Gettysburg, N. S. Lewis, writes: "I have been afflicted for years with a Rheumatism of the lower limbs, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than the Rheumatism of the lower limbs. My beloved pastor, the Rev. Mr. Eddy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not good enough."

Schierms, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuritis.

Many remarkable cures of these afflictions have been made by the alternate use of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Consequently, these truly remarkable results with it have not surprised me.

Ayer's Cherry Pectoral.

FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Bronchitis, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivaled excellence for coughs and colds, and its truly wonderful cures of pulmonary diseases, have made it known throughout the civilized portions of the earth. Few and the communities, and families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cure which has been so strongly upon the minds of mankind.

Prepared by Dr. J. C. AYER & Co., Lowell, Mass.

MORRIS & Co., Agents, Victoria, V. I. Sold by H. W. SMITH and Dr. JONES, New Westminster, and by every dealer in the Colony.

## PROTECTION FOR THE FARMERS.

It has long been the habit of the press and politicians of Victoria to treat lightly the agrarian interests of the mainland, and to ridicule the idea of the existence of agricultural interests at all beyond the precincts of their own rocky, sea-girt isle. That this policy was the result not of conviction but of a settled hostility, based upon an intensely local, selfish, dog-in-the-manger feeling, we are not without the most ample evidence. From the early settlement of the country up to the present time it has been their custom to button-hole intending settlers, on their arrival at Victoria, and, by pouring into their ears the most exaggerated and untruthful description of the bleak and rigorous climate and sterile soil of the mainland, induce them if possible to settle upon the more circumscribed and less inviting lands of the island, or, failing in that, to leave the country altogether, preferring, in their inordinate selfish jealousy, that they should be lost to both rather than added to the permanent population of that section which they blindly thought it was their interest to retard. That many emigrants were actually turned aside to the neighboring Republic through these gross misrepresentations, and that others were induced to make an abortive attempt to establish themselves on the island, we have too good reason to believe. The progress which agriculture has made in the higher and more remote districts, notwithstanding the altitude and other difficulties of a climatic and geographical nature, must ere this have closed the mouths of those traducers. There is reason to believe that the amount of grain raised last season will go far towards meeting the demands of the country, while the population of the mining camps and towns have enjoyed a tolerably good supply of vegetables, milk, butter, eggs, etc., raised almost at their own doors. The result of this has not only been a great amelioration in the condition of the miners, by improving their mode of living, but what is, perhaps, of equal importance, a partial suspension of the drain upon the wealth of the country in order to supply the people with foreign productions, and the creation of a prosperous and thrifty rural population. Although we have been told over and over again that there was not a foot of arable land on the Lower Fraser, what is the fact with regard to it? With a less tempting market, but with a greater breadth of good land, and under more favorable climatic conditions, the settlement has been slow but steady and sure. When, years ago, we expatriated upon the rich bottom lands and vast rolling prairies of this district, we were laughed at for our pains. Now we can allude, without fear of ridicule or contradiction, to the numerous flourishing farms on the Sumas and Chilliwack, in the Langley district, as well as in the more immediate vicinity of this city, and between us and the sea. The tangible proof is at hand in the abundant supply of beef, mutton, pork, eggs, butter, vegetables, and orchard produce with which our markets are so plentifully supplied. Trading vessels rarely come in from foreign parts now with produce; and if a stray one does occasionally arrive at our wharves, it is not now surrounded by hungry customers eager to buy, as used to be the case. The reason is obvious: Our own farmers can and do supply our wants, and the money which formerly went out of the country to enrich the foreign producer now goes towards the permanent improvement and enrichment of our "country's pride." Full and faithful statistics are now in course of compilation which will more than substantiate what we say with respect to the progress of agriculture and stock raising on the Lower Fraser, and which will, if we mistake not, take many persons, both in and out of official circles, by surprise. When these statistics shall have been placed before the public we shall have something more to say upon the subject. Our present object is more particularly to point out the advisability of imposing an import duty upon such articles as the country is now prepared to produce, as a protection and additional stimulus to our own producers. It is rather more than probable that the Customs Tariff will be reconstructed during the approaching session, chiefly with a view to enable the Government to abolish the Tonnage Dues and Road Tolls. In doing that it is earnestly to be hoped that the interest to which we refer will not be overlooked, and that the new Tariff will be framed with a special care to afford a reasonable and wholesome protection and encouragement to agricultural and industrial pursuits. We have the more reason to hope that this will be done, now that it is a common interest; and our island fellow-colonists, having learned by dear-bought experience the deceptive and unreal advantages held out to so young and weak a country by the Free-Trade policy of the past, will be all the more ready to unite with us in obtaining a sound and healthy measure of protection. Taking a more local view of the subject we can see the strongest reasons why many articles of farm and dairy produce ought to be subject to a fair rate of duty; and especially now that Victoria is interested with us it may be found desirable to extend protection to certain manufactures. With an abundant supply of timber and coal, we see no reason why we should not become a manufacturing people.

## CURE IS AT HAND!

HOLLOWAY'S OINTMENT.

Scorbutic Eruptions, as Sore Heads and Scrofulous Swellings.

If this powerful Ointment be well rubbed into the parts affected, all skin diseases will be speedily overcome. It acts by regenerating, not repelling. It opens the system, and restores the blood, and operates not locally only, but constitutionally purifying the whole system, neutralizing all depraved humors, and affording a radical and complete cure. The Pills should be taken as an auxiliary to the Ointment, as they are prepared to act in this way, facilitating and confirming the conquest of the disease.

Diphtheria, Ulcerated Sore Throat and Quinsy.

The above complaints have for twenty years been treated with Holloway's Ointment and Pills with complete success. The cure has been rapid, reliable, speedy and numerous. These often fatal diseases are more easily cured by these medicines, than even the commonest throat, if taken in their early stage. It is a common complaint, the Ointment almost acts like a charm, providing it is very effectually rubbed over the regions of the throat, and the patient is kept at bed until immediate relief, while the Pills should be taken according to the printed directions, when the most extraordinary cures may be effected in this manner.

Bad Legs, Bad Breasts, Scrofulous Sores, and Glandular Swellings.

In such cases the Ointment operates surely and with a rapidity that resembles magic. It should be rubbed into the parts affected, and over the glands, and over the lymphatic system. The purifying and curative powers of the Ointment are always ready to be put in action, and the patient will ever find the present relief derived from the use of these remedies is marvellously quick, and how rarely results in a cure. Then act with such energy on the circulation and absorbent system, that the dropsical fluid vanishes, and the surface of the skin all the oppressive symptoms daily decline, till natural health returns.

Gout and Rheumatism.

May be cured with the greatest certainty if large quantities of the Ointment be well worked into the complaining parts, and the perspiring done for some time. It is so used to smear it on the skin only, it must be got into the system. Take as many Pills nightly as will get into the system during the 24 hours; swallow the use of coffee, and all stimulants. When these complaints are having the system, the violence of the complaint frequently seems to increase.

Indigestion of Youth.

Sores, ulcers and swellings can with certainty be cured if this Ointment be thoroughly rubbed all round the complaining parts twice or three times a day, keeping them covered with linen rag spread with the same.

The Pills must be taken according to the printed directions. The blood, being in an impure state, perseverance is necessary. From humane motives letters of advice will be answered gratuitously. To save carriage the Pills should be obtained in the neighborhood of the sufferer, and not from Holloway's Establishment.

Both the Ointment and Pills should be used in the following cases:

Bad Legs, Chapped hands, Scalds, Ulcers, Sore Breasts, Sore Nipples, Sore Throats, Skin Diseases, Bites of Mosquitoes, Fleas, and Sand-lies, Gonorrhea, Glandular Swellings, Cancers, Lymphatic Swellings, Rheumatism, and all the diseases of the skin.

## AYER'S

CATHARTIC

PILLS.

ARE you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some of sickness is creeping upon you, and should be arrested by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fullness move unobstructed in healthful activity. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs the natural functions. Thus, if not relieved, react upon themselves, and the surrounding organs, producing general aggravation, suffering & disease. While in this condition, oppressed by the derangement, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trial and common complaint, is also true in many of the disordered and dangerous disorders. The same purgative effect expels them. Chills, malarial fevers, and all the derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None but the most delicate and nervous persons need to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forerunner Merchant, St. Louis, Feb. 4, 1864.

Dr. Ayer: Your Pills are the purgative of all that is gross in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with rheumatism and neuralgia, and in her hands, after our child was cured, she also tried your Pills, and they have cured her.

As a Family Physic.

From Dr. E. W. Carter, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are gentle, but very certain and efficient in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Prolapsed Stomach.

From Dr. Edward Boyd, Baltimore.

I cannot say enough for your pills. I have cured with your Pills better than to say all that is ever said with a purgative medicine. I place great dependence on an efficient cathartic in my treatment of disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

From Dr. J. C. Ayer, St. Louis, Mo., May 1, 1865.

I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE,  
Clerk of St. Louis Court.

Bilious Disorders—Liver Complaints.

From Dr. Thomas Bell, New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the liver very marked indeed. They have in my practice proved more effective than any other cathartic I have used, and they are very safe and pleasant to take. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR.

Washington, D. C., 4th Feb. 1866.

Sir: I have used your Pills in my general and hospital practice since you made them, and they have been found to be the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for all the disorders of that organ. Indeed, I have seldom found a case of bilious disease so obstinate that it did not readily yield to them. Respectfully, A. J. R. HALL, D. O.

Physician of the Marine Hospital.

Dysentery, Diarrhoea, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best remedies I have ever found. Their alternative effect upon the liver makes them an excellent remedy, when given in small doses for bilious dysentery and diarrhoea. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Torpidity of the Blood.

From Rev. J. F. Howe, Pastor of Abner Church, Boston.

Dr. Ayer: I have used your Pills with extraordinary success in my family and among those I am called to visit in disease. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Wm. W. Condit, N. Y., Oct. 21, 1865.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the functions of the blood.

JOHN G. NEACHAM, M. D.

From Dr. J. P. Tongue, Montreal, Canada.

Too much cannot be said of your Pills for the cure of constipation. If others of our country have found them so effective as I have, they should join me in proclaiming their benefit to the millions who suffer from that complaint, which, although bad enough in itself, is the precursor of others, that are worse. I believe constipation to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent for the cure of constipation, and when used when the system is deranged, and also very effective when the stomach and bowels are affected. They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawker, of the Methodist Epist. Church, Portland, Me.

PERMANENT HOUSE, Savannah, Ga., Jan. 6, 1866.

HONORED SIR: I should be ungrateful for the relief your skill has brought me. I did not think I could ever be cured of a bilious disease that had afflicted me for years.

## CODVILLE LANDING!

### Important to Packers, Stock Drivers, and the Public in General.

THE Public are respectfully informed that  
James Codville, of the wide renowned  
Codville Landing Ranch, is prepared to receive  
any number of animals and cattle to ranch this  
coming winter, on the most liberal terms.  
Large Reductions from the regular price  
made in favor of fairs.  
Persons intending wintering their own stock  
can be accommodated with Hay in the stack,  
and stables and sheds for their animals, and  
Houses for themselves, on the most reasonable  
terms.  
The Ranch is situated on the opposite side  
of the Fraser from that of Sumass, is on an  
island 6 1/2 miles long by 4 1/2 wide, is high and  
dry, no place where animals can mire, well  
protected from north winds, free from any kind  
of poison weed, and affords every facility, natural  
and artificial, for the accommodation of stock.  
James Codville would also call public attention  
to the fact that he is prepared to furnish  
Hay at a very reduced price, and in quantities  
to suit all purchasers.  
In returning thanks to the Public for past  
patronage, I am in hopes that the good condition  
in which I turned out animals on former  
seasons will secure for me a share of the Public  
patronage this coming winter.  
Horse covers, pack saddles, and all rigging  
taken care of, and every satisfaction given for  
the least possible charge to those who may en-  
trust their stock to me, or order Hay.

## ADVICE GRATIS!

## HOLLOWAY'S PILLS.

To Purify the Blood.  
These Pills have been placed by the common consent of  
mankind at the head of all remedies for removing obnoxious  
poisons from the blood, and cleansing all the tissues  
of the body. They have saved thousands, year after year,  
from falling a sacrifice to the effects of dyspepsia, dysen-  
tery, diarrhoea, constipation, liver complaints, &c., a list  
attested by myriads of witnesses. Excessive weakness and  
debility, the warnings of decreasing organic energy and  
vital decay, are restored and reinvigorated with vigor and  
healthful action in every organ throughout the system, by  
the restorative and exhilarating influence of this medicine.  
**Female Complaints.**  
All disorders of the sex, and diseases in every crisis  
perilous to the life and health of woman, youthful or aged,  
married or single, may be radically and quickly cured  
without risk or trouble, by a few doses of these Pills, taken  
according to the printed directions.  
**Indigestion with languor and want of energy.**  
When taking these Pills, rub Holloway's celebrated  
Ointment over the throat of the stomach, and over the regions  
of the liver, on the right side under the ribs, and you will  
at once experience a change for the better in your diges-  
tion, spirits, appetite, strength, and vigor. The im-  
provement, though it may be gradual, will be thorough  
and lasting.  
**DROPSY.**  
The efficacy of Holloway's Pills in dropsy is extraordi-  
nary. They act with such peculiar effect upon the system,  
that the fluids arising from this direful disease are imper-  
ceptibly carried off and prevented from further accumu-  
lation. The sufferer requires a large quantity of spirits and  
relieves in a completely renovated constitution; but it is  
indispensably necessary that the Ointment should be most  
effectually rubbed into the complaining parts.  
**Stomach, Liver, Kidneys and Bowels.**  
Those who suffer from bile and liver complaints, should  
try the effects of this valuable remedy, a few doses of which  
will make the sufferer feel clean and vigorous, removing  
all impurities, giving a healthy action to the liver; if bilious  
attacks be allowed to continue, serious casualties may  
arise, and the sufferer be consigned to a bed of sickness.  
In all disorders of the kidneys, the Ointment should be  
well rubbed into the small of the back, once or twice a  
day; and the Pills taken in addition, will cure any complaints  
arising from these organs.  
**Puffy, Shortness of Breath with Weak-  
ness.**  
Very bad symptoms, which if not corrected, may tend  
to some serious disorders of the heart, or other vital  
organs. Eat moderately of solids, take six Pills nightly  
for some little time; take plenty of fresh air with moderate  
exercise, and the human machinery will be quickly re-  
stored to health and vigor. Try this but for three days  
only, and the result will be marvellous.  
**Complaints incident to Children.**  
All complaints of children may soon be cured if care be  
taken to purify their blood, correct the action  
of the liver, and cleanse the stomach and bowels. A few  
doses of these famous Pills will immediately have the desired  
effect, particularly if parents be careful in not allowing  
them to eat of things which they know would be injurious  
to themselves.  
Holloway's Pills are the best remedy known in  
the world for the following diseases:—  
Ague, Bilious Complaints, Dropsy, Female Irregularities, Scrofula, or King's  
Evil, Sore Throat, Stone and Gravel, Strains, Symp-  
toms, Ticks, Ulcers, Venereal Affec-  
tions, Worms of all kinds, Weakness from  
whenever cause, &c., &c.  
Sold at the establishment of Professor Holloway, 244,

## BRITISH PERIODICALS

The London Quarterly Review,  
The Edinburgh Review,  
The Westminster Review,  
The North British Review,  
Blackwood's Edinburgh Magazine,  
The interest of these Periodicals to American readers  
rather increased than diminished by the articles they con-  
tain on our late Civil War, and though sometimes tinged  
with prejudice, they may still, considering their  
great ability and the different stand-points from which  
they are written, be read and studied with advantage by  
the people of this country, of every creed and party.

## CARD OF THANKS.

A MADOR MOLINA begs to thank the  
Hyacks for their promptitude and ex-  
cellence in reaching the scene of the late fire on  
the Royal Avenue, and to express his regret  
that the chance of saving the property was  
not equal to the real displayed by them on  
that occasion.

## Public Notice.

## \$500 REWARD!

WHEREAS, during the past month several  
fires have occurred at New West-  
minster, and whereas there is strong reason  
to suspect that the same, more particularly  
that which took place at the Office of the  
British Columbian Newspaper, were the work  
of incendiaries, I hereby, by order of the  
Honorable the Officer Administering the Govern-  
ment, offer a Reward of Five Hundred Dollars  
for any information which may lead to the  
detection and conviction, as incendiaries, of  
the person or persons who committed any of  
the said outrages.  
By command,  
C. BREW,  
C. I. O.
